

TRIBUTE TO DEAD.

(Continued from Page One.)

distinguished service in the Mexican war, but he and his 101 year old wife are prouder of their example and service to the country through 79 years of married life than through his service at arms. The Opendenheims are believed to be the oldest couple in New York city. They rode today behind Lady Kate, a work horse in active service here for 20 years, which was driven by their 61 year old son, Alexander Opendenheimer, an employee of a paper box factory. Two other children, 19 grandchildren and nine great-grandchildren are living contributions of their happy union.

Noted Gathering in New York.

New York, May 30.—Army, navy and citizenry did honor in New York today to those who perished in Havana harbor on the battleship Maine. The occasion was the unveiling at the Columbus circle entrance of Central park of the national Maine monument, a pylon forty feet high erected by popular subscription from all parts of the nation. The ceremonies brought to this city a dozen dreadsnaughts of the North Atlantic fleet, the Cuban cruiser Cuba, the secretary of the navy, former President Taft, representatives of the Cuban congress and government, Governor Haines of Maine and others. Although the unveiling exercises proper were not staged until late in the afternoon they were preceded by a land parade in which 5,000 blue jackets of the Atlantic fleet took part, augmented by troops from the regular army, the New York National Guard, veterans of the Spanish-American war and a company of Cuban artillery, a Cuban band of 62 pieces and 20 sailors from the crew of the cruiser Cuba.

Rear Admiral Cameron, McRae Winslow, U. S. N., acted as chief marshal. A salute of 21 guns from each of the battleships at anchor in the Hudson; the placing of wreaths on the monument in behalf of President Wilson, the state of Maine, the state of New York, the city of New York, the Cuban government and one by Rear Admiral Sigbee, who as a captain was in command of the Maine when she sank, comprised, aside from the speeches, the chief features of the unveiling ceremonies. The speakers' program called for addresses by Mr. Taft, Secretary Daniels, Governor Sulzer, Rear Admiral Sigbee, and others.

In addition to the unveiling of the Maine monument, there were held the usual exercises at Grant's tomb, the Grand Army of the Republic parade and the work horse parade.

To Memory of McKinley.

Canton, Ohio, May 30.—Among the floral tributes to Monument Hill today were wreaths from President Wilson, George B. Cortelyou, former secretary of the treasury, Justice Wm. Day of the United States supreme court, to be placed in the mausoleum which contains the body of former President McKinley.

Newark, N. J., May 30.—Chief of Police Michael Corbett of this city, while directing the police detail that was to head the Memorial parade, was stricken with heart disease and died in a few minutes.

St. Louis, May 30.—Memorial Day exercises here today centered at Jefferson barracks, south of the city where 15,000 soldiers are buried in the National cemetery. Steamboats and special trains took thousands of persons to the barracks to see the parade this afternoon.

Celebration at Gettysburg.

Gettysburg, May 30.—Ten thousand people gathered at Gettysburg today for the annual Memorial day. This afternoon a parade of civil and patriotic organizations with veterans of the Civil and Spanish wars, a third battalion Fifth U. S. regulars infantry preceded the strewing of flowers in the soldiers national cemetery. The exercises at the Rostrum included the reading of Lincoln's Gettysburg address and the oration by Congressman J. T. Heflin of Alabama.

WELCOME KAWS HOME

Boosters Planning to Meet Our Team With a Band and Automobiles.

Two of the best "fans" that ever occupied a seat in the grandstands at Western League park, A. B. Dutcher, manager of the Harvey racing home, and George Coffey Moore, are collecting loose coin among the admirers of the Kaws to pay the expense of meeting the team at the railway station on their arrival after a successful trip over the circuit.

The plans have now been completed, but it is anticipated that the team will be met at the Santa Fe depot with automobiles and the Knights and Ladies of Security band. From the depot they will be escorted up town and a parade down Kansas avenue will follow.

The boosters are expecting to meet the team on its return Tuesday morning. "All the other cities are placing the 'I show worry' sign on the league," explained "Alphabet" Dutcher this afternoon. "Of course this is a serious mistake and we want to show the other boosters that we have a wide awake bunch of fans in Topeka. Just a little contribution from the team's admirers—and we will have the necessary forty dollars to cover the welcome expenses."

GOLF BALL EXPLODED.

Kansas City Boy Whittled Ball to See What Was in It.

Kansas City, May 30.—As a result of whittling a golf ball until it exploded throwing its acid contents into his face, Jack Heifin, 13 years old, today lost the sight of his left eye and physicians say he probably will become totally blind.

Jack's teacher at the McCoy school had warned all her pupils that golf balls were dangerous and whenever one was brought to the school she confiscated it. When Jack saw the school janitor's 4-year-old son playing with one of the balls taken from the teacher's waste basket he took it away from the child fearing the little one might be hurt by it. A few minutes later he ran into the school building screaming his face terribly burned. He said he had whittled the ball to see what was in it.

Now Jack is in a darkened room in a hospital, with two doctors working over him hoping to save the sight of one of his eyes.

IT IS A HOPELESS TASK

Railway Employees' Association Gives Up Anti-Legislation Plan.

Chicago, May 30.—The American Railroad Employees' and Investors' association will disband July 1. It was announced yesterday by the executive committee. It was formed five years ago by the railroad men for the purpose of changing legislation hostile to the transportation companies and to bring about a better understanding between the railroads and their employees.

While the official statement says that the railroads are well satisfied with the reason for abandoning the organization is said to be that the railroads have realized their campaign is a hopeless task.

P. H. Morrissey, president of the association, is to become assistant to Vice President H. E. Byram of the Chicago, Burlington & Quincy railroad, assuming his new duties at once. He formerly was secretary of the Brotherhood of Railroad Trainmen.

HAYS COMMENCEMENT

Cora Lewis of Kinsley Delivered Class Address.

Hays, May 30.—The eleventh annual commencement of the Western State Normal School was held here. The address was given by Mrs. Cora Lewis of Kinsley, a member of the board of educational administration. Her theme was "The Open Door." It was probably more admired than any address ever given before at a commencement here. All the members of the board of administration were present. They have been going over the lands and plant belonging both to the Normal school and the state experiment station.

The annual banquet was held immediately after the address. It was held in the dining room of the domestic science department. At this function both President Hackney and E. W. Hoch of the board spoke. They promised cordial support of all the interests of the institution here. The impression they created was most favorable. In every speech at the banquet there was a note of regret that Principal W. S. Picken would be with the school no longer. He has been identified with the institution since the beginning and its present success is in a large part due to his efficient service.

An unusually large number of alumni and former students are present to participate in the annual alumni reception. The outgoing board of regents held a brief business session which will probably be the last they will hold here.

The annual play of the senior class was given last night before a crowded house. It was "The Twelfth Night" and was under the direction of the Dramatic art department of the school.

GOLD MEDALS TO STUDENTS.

Perfect Attendance Records Made by 44 Students.

Marysville, Kan., May 30.—Four years ago Marshall county commenced giving gold medals to those pupils who had a perfect attendance record of seven consecutive years, and from that time to this year, inclusive, forty-four such medals have been issued, twenty-eight to girls and sixteen to boys. Twenty-one pupils have earned seven-year perfect attendance records, thirteen eight-year, five nine-year, two ten-year, two eleven-year and one twelve-year.

The students with ten years' credit are Sidney Osborne, Frankfort, and Guy Lewis, Home City. Those with eleven years are Elsie Pauley, Beattie, and Orba Stewart, Waterville, and those with twelve years are Frankfort.

CHICKENS SMOTHERED.

Heat Snuffed Out Life of Poultry in Leavenworth.

Leavenworth, Kan., May 30.—The extreme heat of Thursday caused the death of 600 chickens which were found smothered in their coops in a poultry car at the Leavenworth depot. The car was loaded at 3 o'clock in the afternoon by a local buyer and was consigned to a dealer in Atchison. When the attendant went to the car at 7 o'clock he found more than half the shipment had died from overheating.

HODGES AT ABILENE.

Delivered Commencement Address to High School Class.

Abilene, Kan., May 30.—A large audience heard Governor Hodges last night when he delivered the high school commencement address. His subject was "The Everyday Man."

Aggies Elect Dresser.

Manhattan, May 30.—Henry Dresser of Manhattan, a junior in the general science course, has been chosen captain of the Aggie baseball squad for 1914. Dresser has played in left field for two successive years. He is a fast fielder, a fair hitter and good on bases.

Baseball "K's" will be awarded to thirteen members of the Leavenworth squad. The men to receive the monograms are: Captain Forsberg, Captain-elect Dresser, Scanlon, Pollom, Bulley, Knauts, Agnew, Briney, Beaman, Enns, Cleland, Dryden and McCullum. Forsberg, Pollom, Cleland, Beaman and McCullum played their last game against St. Marys, having played three years on the team.

MEMORIAL DAY.

(Continued from Page One.)

representation of the six hundred, some odd, veterans who reside in Topeka. The memorial address is being delivered by Chaplain J. K. Miller. The big parade was headed by the Knights and Ladies of Security band. The first division included a platoon of police, city officers, fire department, Boy scouts, speakers and master of ceremonies, J. M. Braddon. The division was in command of General Hughes.

The second division included Battery "A," field artillery, Spanish-American war veterans, Sons of Veterans, boys' industrial school and civic societies, led by Second Regiment band, K. N. G. It was in charge of Captain Pattison.

The third division was led by Jackson's Twenty-third Regiment band. It consisted of the members of Lincoln post No. 72, Ladies of the W. R. C. circle and Ladies Aid in command of Lieutenant Seth Hammett. Col. R. Neill Rahn was chief marshal of the parade. "Comrade" Elias Shull conducted the exercises in honor of the departed sailors at the Melan bridge this morning. Flowers were strewn on the waters of the Kaw as a tribute instead of a gun salute. A short eulogy was given by Mr. Shull.

C. N. Bacon had charge of the decoration of graves at the Topeka cemetery. Mr. Van Smith at the Catholic and Mt. Hope cemeteries, and George W. Weed at Mount Auburn. Salutes at the graves were fired by battery "A."

Before 8 o'clock this morning school children took flowers to their respective school buildings. These were gathered in vehicles and taken to the Lincoln Post hall where they were prepared for decorating the graves. Those who handled the flowers at the hall were members of Lincoln circle No. 1 Ladies of the G. A. R., Relief corps No. 94 of Sons of Veterans, Old Abe camp No. 15, and Ft. Pillow corps No. 50. This noon luncheon was served by the ladies of Relief corps No. 94 at 216 West Sixth street.

Aside from the activities of the veterans hundreds of citizens of Topeka took flowers to the graves of departed friends and relatives.

The full program at the Auditorium follows:

RELIEF PROMISED.

Weather Man Promises Higher Temperatures—To 100 Today.

Again the weather is of the scorching variety. At noon today the mercury was well along on its climb towards the 100 degree mark. In fact at noon the quicksilver in the transfer station thermometer had reached this point.

The maximum temperature at Topeka on Thursday according to the government thermometer was 99 degrees.

According to reports from over Kansas the maximum temperatures ranged from 95 to 105 degrees. Unofficial reports from Hutchinson, Herington and Abilene place the record as 105.

All Kansas is sizzling today, but relief is in sight according to the weather man. The forecast calls for unsettled conditions and lower temperatures. This admits of the possibility of a shower.

Thursday night was the hottest night in May in the last twenty-six years with one exception.

AT HIGHLAND PARK.

Eight Graduates Before Big Crowd Last Night.

The children of the Highland park school gave an excellent musical program last night at the school house to a large and appreciative audience. The exercises were in honor of eight scholars who graduated from the common school into the high school.

The four graduates of the high school presented diplomas to the following: Marjorie Hill, Ethel Daisy Cromwell, Eda Gertrude Williams, Paul Chance, Earl Matthew Power, James Walter Fischer, Hugh North Thompson, William Moffett Edgar.

Eight children were also given diplomas for not being absent or tardy during the full nine months, and twenty-two for having perfect records for eight months.

TODAY'S MARKET REPORT.

Weekly Market Summary.

New York, May 30.—The most prominent features of this week's dull and heavy stock market were the receivership for St. Louis and San Francisco and the presentation of two new plans by Union Pacific for the disposal of its \$126,650,000 of Southern Pacific securities.

The financial embarrassment of the Frisco system was a matter of general knowledge in financial and railway circles, but the belief seemed to prevail in some quarters that a way might have been found to save the property from reorganization. All the securities of the Frisco road fell to low record prices, in which they were later followed by various issues of the roads comprising the Gould and Hawley groups. Selling of these latter stocks emanated from sources which suggested liquidation, though.

was probably accelerated by the shorts. The outcome of the plans submitted by Union Pacific is yet a matter of conjecture, but the general opinion is that the Southern Pacific stock will finally be trusted under government control.

Monetary conditions in the local market were unchanged but in the world's other large markets there were indications of increasing tension. The railway returns for April were disappointing in the main, although invariably showing increased gross earnings.
